=19 Northumbria	22	4 D	241	51	89.3
=19 Coventry	22	3a D	275	49	89.3

How to use the subject tables

Universities are ranked by the overall combined score from four indicators: assessments of teaching quality and research, average A-level scores of entrants and destinations. The destinations figure is the percentage of graduates who go on to graduate-type jobs or further study. Scores are weighted to ensure fairness when data is missing from one of the columns
